

Directions to Rododafni Beach Holiday Apartments

Directions when driving from Larnaca airport: By exiting the Larnaca airport, you are on the highway interconnecting the cities of Cyprus. Follow the signs towards Limassol and then Paphos; it is about 90 minutes' drive.

At the end of the highway at Paphos, you enter a big circular road; TAKE THE FIRST EXIT TO YOUR LEFT. There are road signs indicating that this street takes you to Kato Paphos.

Follow the street until you find a roundabout, it is the same roundabout we mention above when driving from Paphos airport, but as you approach from different direction, the large football stadium is now on your right and the Debenhams Store just next to you on your left.

Continue straight (i.e. enter the roundabout and take the second road towards Kato Paphos again), it is the imaginary straight line.

Once you are on this road, just follow the directions below from Paphos airport, after the letters in red.

Directions when driving from Paphos airport: Follow the signs to Paphos town. The road is of good quality, two directional with big, clear signs. After about fifteen minutes' drive, you will enter Geroskipou, which is a small town. Continue straight to cross Geroskipou, it will take about five minutes. At the center of Geroskipou, where the central square of Geroskipou is, the street becomes larger with traffic island in the middle. Continue straight and pass the traffic lights you will find, until you reach a big round about. As you approach, you can see a large Football Stadium directly opposite of the roundabout and a large Debenhams store on your right. On the roundabout TURN LEFT (i.e. take the first road to your left you find on the roundabout), down towards the sea.

From this point on, the directions from Larnaca airport are the same as well.

Continue straight on this road. It is a very nice road with four lanes, two for each direction, and a traffic island in the middle of the road. There are a few buildings and lots of trees on both sides of the street. Continue driving until you find a second roundabout, which is about 3 – 4 minutes' drive from the previous one.

On this round about, you must TURN RIGHT. It is again a very nice road, with four lanes, island between them and trees on both sides of it, like the previous road. It is called the Spyrou Kyprianou Avenue.

Once you are on Spyrou Kyprianou Avenue, you will remain on this road and continue straight for the next six and a half kilometers (about 10 -12 minutes' drive, taking into account the traffic). You will not leave the straight line, despite the distractions like crossroads, side roads and traffic lights. You will continue straight for the next six-plus kilometers.

A few signs to help you understand that you are on the correct general direction:

Once on Spyrou Kyprianou, after driving for 2-3 minutes, you will find a big crossroad with traffic lights. There are traffic lights before this, but with only side roads, it is the first crossroad you will meet. Just after the traffic lights there is a very big church on your left. Remember to continue straight.

Continuing straight, after two more minutes, you will approach a big roundabout. In front of you, to the right side of the street, you will see a big Mall, namely The Paphos Mall. You will continue straight, i.e. you will take the road opposite of you on the roundabout, and the Paphos Mall will remain on your right hand side.

Continuing straight, although it is the extension of the Spyrou Kyprianou Ave., after passing the roundabout, the road has a new name, Tombs of the Kings Avenue. Remember to keep going straight without exiting from this road.

Follow the signs to Chlorakas, Pegeia, Coral Bay and the Tombs of the Kings. You are now on the main road leading to Chlorakas village, Coral Bay and Pegeia village. Useful tip: if you are using a GPS, there is at least one service that instead of Tombs of the Kings Avenue, they indicate Tafoi ton Vasileon Avenue. Tafoi ton Vasileon is Tombs of the Kings in Greek, but if you are expecting to see on the GPS Tombs of the Kings and instead you see Tafoi ton Vasileon, it is very easy to be confused and get lost, so watch this out.

You keep driving straight, after 3-4 minutes you will see two big, tall signs, first of a McDonald's Drive Through, and then of a KFC Drive Through. Both of them are on the left side of the street, while after them there is a Lidl store on the right side of the street. While passing these signs, you will also pass two small roundabouts.

After you pass the Tombs of the Kings Avenue and most of the built up area you will see the Venus Beach Hotel on the left side and a little further down, again on your left, there is a big five stars hotel, namely King Evelthon Hotel. You are now very close to the final turn to Rododafni Apartments, so watch out. After about 300 meters you will take the final turn left leading you to the Rododafni Apartments.

Be careful not to miss this street, it is a small street on the left side of the main road, so it is on the same side of the street as you drive. Its name is Dimma Street. At the turn, as a sign that you are on the correct road, look for LATIN PARISH HALL on your left.

At the beginning of this road you will see signs for several tourist establishments, among the Rododafni Apartments. There is also a sign that mentions DIMMA PUB, which is a pub very close to our apartments. Follow this road towards the sea.

Once you leave the main road to Coral Bay and you are on Dimma Street, follow it for about 300 meters, until you find a road fork and a big road sign. At the fork, TURN LEFT. Immediately after turning left, you will see the Dimma Bar in front of you. There are nice villas on this road, just follow it. The road makes a sharp (almost 90 degrees) turn to the right, follow it and then take the first road to the left, its name is Hadjiefstathiou Street (another minute or so to find this street). In front of you, you will see the Akti Beach holiday village, at this point turn right (this is the Rodafinia Street) and you will see Rododafni Apartments in front of you, to your left. You may enter the parking area, as it is dedicated to our customers for free car parking.

It takes about five minutes' drive to come to the apartments after you leave the main road to Coral Bay and turn left.
